	Thinkful	Grad Plan		
	Start Date:	**5/1/19**		
	Extension Days (pauses or admin extensions)	**2**		
Intro to Thinkful		**Recommended Target Date**	**Days to complete**	
Attend a group orientation video meeting		5/4/2019	1	
Hold your onboarding video meeting with your Program Manager (PM)		5/5/2019	1	
Meet your mentor		5/6/2019	1	
Phase 1: Fundamentals Phase				
Complete the "Orientation" curriculum module		5/7/2019	1	
Complete the "Careers: Get to know the job landscape" curriculum module		5/9/2019	2	
Complete the "Programming in Python" curriculum module		5/24/2019	15	
Complete the "Basic statistics and probability with Python" curriculum module		6/8/2019	15	
Present your first capstone project		6/10/2019	2	
Complete the "Careers: Mastering Networking and Meetups" curriculum module		6/16/2019	6	
PM checkin: Mastering Networking and Meetups		6/17/2019	1	
Phase 2: Advanced Phase				
Complete the "SQL for data scientists" curriculum module		6/21/2019	4	
Complete the "Deeper into data visualization and exploration" curriculum module		6/25/2019	4	
Complete the "Experimental design and A/B testing" curriculum module		7/3/2019	8	
Complete the "Careers: Applying, interviewing, getting, and negotiating jobs" curriculum module		7/7/2019	4	
PM checkin: How to excel in interviews		7/8/2019	1	
Do your first mock interview		7/10/2019	2	
Complete the "Supervised learning: model preparation" curriculum module		7/15/2019	5	
Complete the "Supervised learning: solving classification problems" curriculum module		7/19/2019	4	
Complete the "Supervised learning: solving regression problems" curriculum module		8/3/2019	15	
Complete the "Supervised learning: similarity models" curriculum module		8/6/2019	3	
PM checkin: Secrets to Conquering Supervised Learning		8/7/2019	1	
Complete the "Supervised learning: random forest models" curriculum module		8/10/2019	3	
Complete the "Supervised learning: support vector machines" curriculum module		8/12/2019	2	
Complete the "Supervised learning: boosting models" curriculum module		8/14/2019	2	
PM checkin: Getting Prepared for Your First Presentation		8/15/2019	1	
Complete your supervised learning capstone		8/24/2019	9	
Present your supervised learning capstone		8/26/2019	2	
Complete the "Careers: professional branding" curriculum module		8/28/2019	2	
Complete the "Unsupervised learning: an overview" curriculum module		8/29/2019	1	

Complete the "Unsupervised learning: clustering" curriculum module	9/2/2019	4	
Complete the "Unsupervised learning: neural networks" curriculum module	9/7/2019	5	
Complete your unsupervised learning capstone	9/15/2019	8	
Do your second mock interview	9/17/2019	2	
PM checkin: Learning How to Finish Strong	9/18/2019	1	undefined
Complete the "Other topics: Algorithms and data structures" curriculum module	9/21/2019	3	undefined
Complete the "Other topics: web scraping" curriculum module	9/23/2019	2	
Complete the "Other topics: big data" curriculum module	9/24/2019	1	
Complete the "Other topics: survey design" curriculum module	9/26/2019	2	
Complete the "Other topics: Advanced Experimentation" curriculum module	9/28/2019	2	
Do your phone screen mock interview	9/30/2019	2	
Specializations (Should only do one to graduate)	10/11/2019	11	
Complete your final capstone	10/19/2019	8	
Complete your final mock interview	10/21/2019	2	
Present your final capstone	10/23/2019	2	
Complete the SQL self-sufficiency exam	10/25/2019	2	
Graduation	10/26/2019	1
